PlasticPrinters.com
Plastic Cards & Card Printers

Hi-Tech design, compactness and ease of use, the Tattoo revolutionizes the world of monochrome printing on plastic cards.

In a few seconds, the Tattoo personalizes your pre-printed or blank plastic cards. It prints your high resolution texts, barcodes, graphics and logos.

Representing the ideal for visitor badges, loyalty cards, subscription cards, and much more, the Tattoo can be integrated in all types of environment: offices, bank receptions, shop counters. The Tattoo is today the most compact of all plastic card printers.

A mixture of technology and innovation, the Tattoo offers a double loading mode: card by card manual feeding (card introduced at the front) and automatic feeding thanks to its 100 card feeder. This detachable and completely enclosed feeder makes it possible to prepare several series of cards and to guarantee an optimal printing quality.

Tattoo, the small revolution!
